

**Faculté de Médecine de Montpellier - Korea University of Seoul - VinMec Healthcare Sy**  
**Diplome Universitaire - Post Graduate University Diploma**  
 International Master course of Regional Anaesthesia and Analgesia  
 2020 - 10th Batch - 2nd Asian batch

Faculty	Topic
Xavier Capdevila - France	Surgical Outcomes with Regional Anesthesia
	Non analgesic effects of RA (Anti inflam & Anti cancer)
	Local toxicity of Local Anesthetic (Muscle and nerve)
	Regional Anesthesia Analgesia and elderly people
	RA and Respiratory effects
	Enhanced recovery after surgeries in 2019: what should be the objectives ?
	Opioid sparing anaesthesia. Why and how to do it?
Olivier Choquet - France	Psoas CPT Block + ESP L3
	Obturator and lateral Femoral C Nerve blocks
	Guidances to perform Peripheral nerve blocks ( US and neurostimulation)
	Nerve sono anatomy
	Anaesthesia and analgesia for hip surgeries
	Anatomical consideration to understand the new abdominal blo
	Wound infiltrations
	ESP for Low back pain and spine surgeries
Philippe Macaire	Peri-operative analgesia in 2020: Let's have a new approach
	RA and Traumatology
	PEC1 PEC 2 Serratus plane block
	Anatomy of the thoracic wall
	Erector Spinae Plane ESP Block
	Paravertebral Block
	Regional Anesthesia Analgesia for thoracic surgeries
	Regional anaesthesia analgesia in breast surgeries
	Proximal approaches of the sciatic nerve
	Distal blocks at the ankle
	Clinical cases
	Continuous spinal anaesthesia
	Obst: Pain after deliveries where are we?
	Clinical cases
TVS Gopal - India	History of regional anesthesia
	What we should know about ultrasounds
	Local Anesthetic Systemic Toxicity (LAST)
	Upper limb neuro & sono-Anatomy
	IS & supra Clavicular Blocks
	Axillary - supra scapular nerve - dorsal scapular nerve -
	Choice of Anesthesia and analgesia for upper limb surgery

	Pharmacology of the LA and compared pharmacology + Additives
	PEC1 PEC 2 Serratus plane block
Pui Kuan Lee - Malaysia	IS & supra Clavicular Blocks
	Axillary brachial plexus Block
	Block performance and hemostasis : where are the limits?
Viet Vu - Vietnam	Distal blocks at the elbow and wrist
	RA and septic Risk - Prevention
Giang TA - Vietnam	Sedation and block performance
	Peripheral nerve blocks and pre-existing neuropathology
Cyril Rivat - France	Physio pathology of Pain (Viso recorded) 45 minutes
Nga Ho - Vietnam	Regional anesthesia and analgesia for cardiac surgeries
Deep. Arora - India	Anatomy and sonoanatomy for lower limb
	Femoral block + Adductor canal block
	Subgluteal and popliteal approaches of the sciatic nerve
	Anaesthesia and analgesia for knee surgeries
axel Maurice-Szamburski - France	Anatomy of the face and the neck for blocks
	PROMs & PREMs : Assurance quality for regional anesthesia
	How to set up a Regional Anaesthesia (RA) Unit?
	Continuous Regional Analgesia in Ambulatory care
Petchara Sundarathiti - Thailand	Facial blocks
	Anesthesia for facial surgeries
Beatrice Veyrines France	Peripheral nerve catheters management for In patients
XXXXX - France	Home care to manage regional anesthesia catheters at home
Shereen Tang - Malaysia	How to manage a nerve injury after regional anesthesia?
	RA in ambulatory settings
	Ra and compartment syndromes
Philippe Cuvillon - France	Anatomy perineum with pudendal + genito femoral nerve block
	Spine sono anatomy
	Spine blocks Under US Guidance
	ESP paravertebral for abdominal surgeries
	Regional anesthesia and analgesia for pelvic surgeries
Justin Ko - South Korea	Abdominal wall anatomy
	Advanced abdominal block
	Multimodal analgesia and new modalities
	How to decrease the risk of phrenic paresia during IS block
RyungA Kang - South Korea	Basic abdominal blocks
Estelle Morau - France	OBST : Analgesia for normal delivery
	OBST : Anaesthesia and analgesia for c section
	OBST : Test dose for epidurale
	OBST ; Post puncture Headache
	PEDIATRY : ALR périmédullaire chez l'enfant

Christophe Dadure - France

PEDIATRY : Pharmacologie des AL : spécificité pédiatrique

PEDIATRY: ALR périnerveuse chez l'enfant.
